

Dear Valued Customer:

In order for Combined Energy Services to automatically charge all of your bills to your credit card we first need you to authorize us to do so. Please fill out the bottom of this letter & send it back to us in the enclosed return envelope.

In most cases we will be unable to make any deliveries until this authorization is received back in the office. Please do not delay, send the letter back today to avoid running out of fuel & having to pay delivery fees.

For your convenience we accept Visa, MasterCard & Discover.

Thank you for your cooperation in this matter.

Sincerely,

COMBINED ENERGY SERVICES

I authorize CES to automatically charge my credit card for all bills charged to my CES account.
